Sugar +7%: buy now

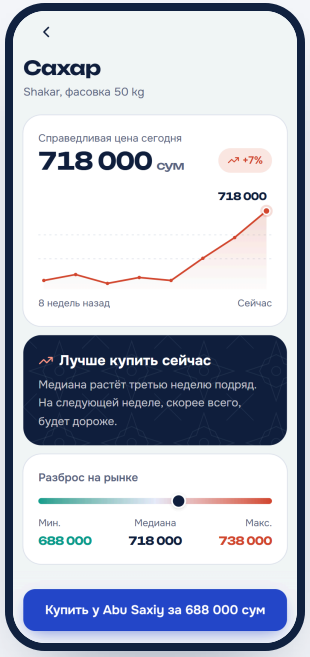

7 suppliers
Best mix + delivery

Group order
3 shops, -4%

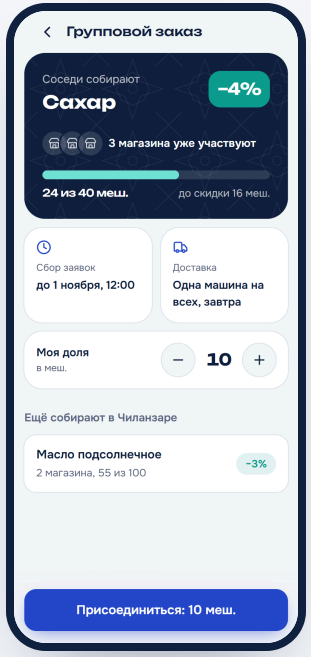

On delivery
Invoice checked

Saves
436,000 UZS

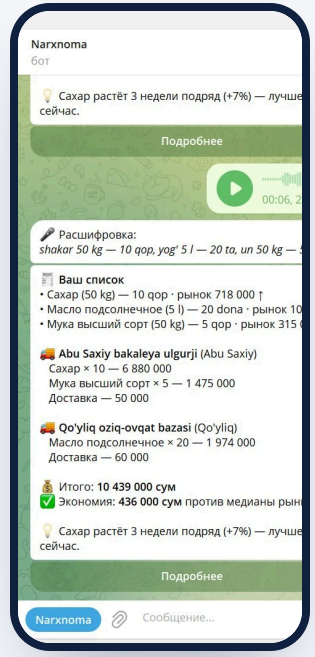

Where the prices come from

1. **Telegram channels**, read by AI
2. **Invoice photos** from shops
3. **Suppliers** updating to win orders
4. **Filter:** outliers out, stale after 7 days

+5.5% overpaid, 595,000 UZS: every invoice check also adds a real price to the index

Search is free. Whoever gains, pays.

Who pays	For what
Suppliers	1.5–2% commission on each order
Shops	Pro: price alerts and forecasts
Distributors, banks	Price and demand reports
Partner bank	Share of deferred-payment revenue (later)

Market

86,190

retail enterprises in Uzbekistan

+13.3%

Tashkent retail growth, 2025

Shops already live in Telegram

Uzbekistan is #2 in the world by Telegram channels

Prices swing both ways

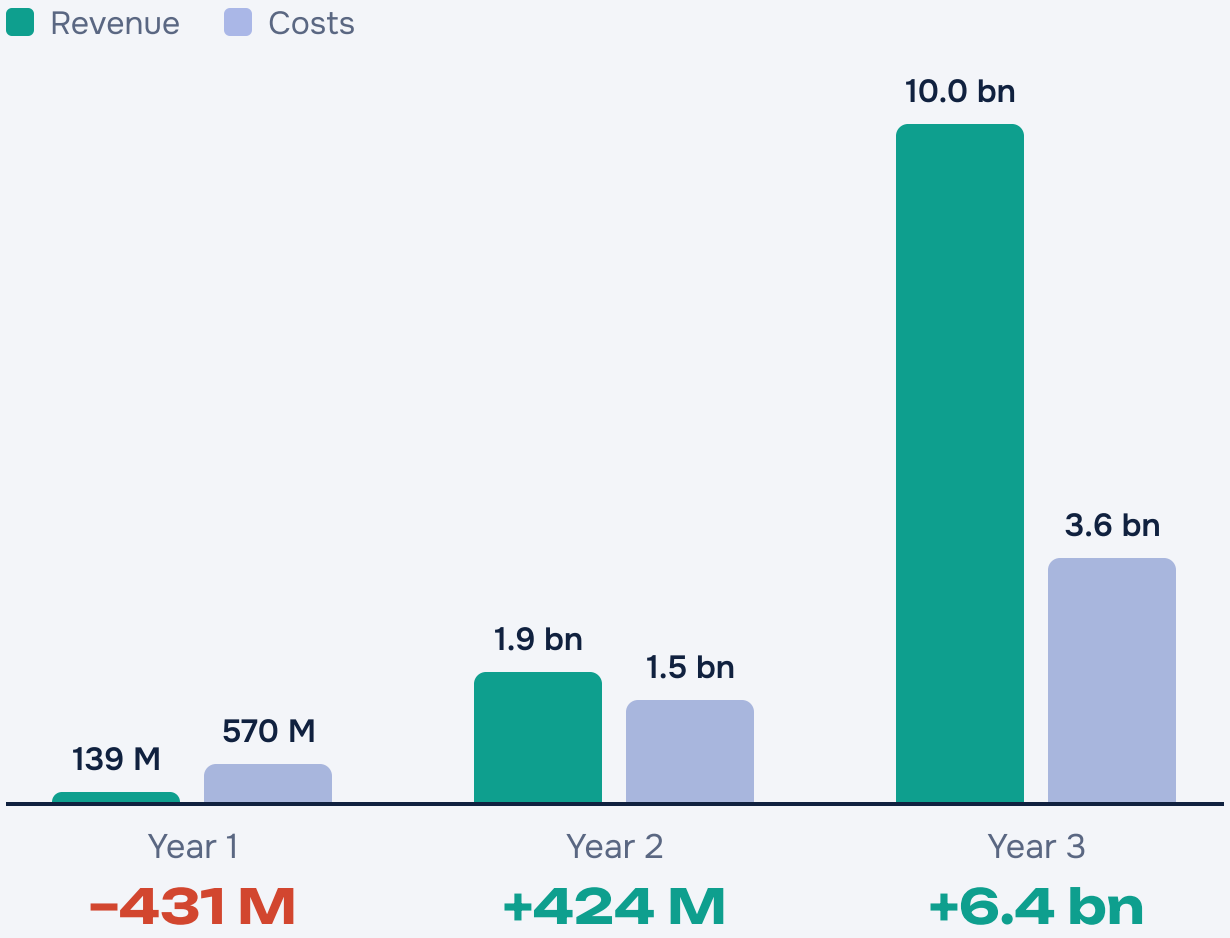

Food +5.5% in 2025, sugar -4.8% by December

Today's alternatives

Channels, calls, agents, bazaar: no comparison, no history

Sources: stat.uz (Sep 2025), kun.uz (2023), daryo.uz (Jan 2026)

3 years: profitable in year 2

Assumptions (UZS)

300 → 8,000 active shops

20% → 40% order through us, weekly

3M average order, checked in the pilot

1.5% → 2% commission

Narxnoma

Every shop owner knows today's fair price before leaving home.

@narxnoma_uz_bot

Strategy in brief

1 · Mission

Fair price known before leaving home

3 · First users

50 Chilonzor shops, in person, 1 month Pro free

4 · Roadmap

MVP 0–3 mo · Tashkent 4–9 · regions 10–18 · bank credit 18+

6 · Go-to-market

Pilot → their suppliers → Tashkent → field agents

8 · Main risk

Fake prices → invoice checks, outlier filter

Why it sticks

Weekly restock, alerts, group orders
